### Rice Polisher Machine: Model No KB40G-TA

#### DESCRIPTION

The Satake Rice Polishing Machine KB cleans the surface of rice, significantly enhancing the quality of finished products. The machine has achieved a high reputation in many countries for its high performance and for the innovations which have been incorporated over the past 25 years.

#### FEATURES

- ✓ **Improves the appearance of rice:**  
The surface of milled rice becomes smooth and clean, leading to Enhanced commercial value.
- ✓ **Improves the quality of rice:**  
The residual bran absorbs moisture and helps microorganisms to develop. By removing this residual bran, the Satake KB gives rice a longer shelf life.
- ✓ **Gentle polishing:**  
The Satake KB is designed to minimize breakage of rice kernels. Milling rolls and screens are chosen to best fit the material.
- ✓ **Wide applications:**  
Combination with other Satake milling equipment enables application to wide varieties of rice.
